

Good Evening Everyone,

It is with great pleasure and pride that I announce the following from PPAD. With the arrival of the COVID-19 vaccines, local institutions are in great need of support with vaccine administration. Several institutions have reached out seeking assistance. I just want to take this moment to recognize and applaud Dr. Micah Hata, Dr. Mark Nguyen, and Dr. James Scott for their coordination efforts, and our faculty, residents, and student pharmacists who have agreed to participate in this important endeavor on such short notice. Debby Truong (PharmD Class of 2022) and Tiffany Nguyen (PharmD Class of 2023) worked tirelessly to help recruit and organize the scheduling of personnel. It should be noted that all of these student pharmacists have volunteered despite heavy commitments with rotations and finals. The work has started and will carry into the winter break. Below are just some photos from today's events.
